Odine has once again ranked among the top 15 ICT companies in Türkiye in multiple categories on the 2022 Top 500 ICT Companies listing!

Odine has ranked among the top 15 ICT companies in Türkiye in multiple categories on the 2022 Top 500 ICT Companies listing for the fourth consecutive year, and stands out as the second-largest company in the virtualization category!

Reflecting our unwavering commitment to professionalism, this recognition demonstrates Odine's ongoing dedication to cultivating trust and credibility within our partnerships. Furthermore, it highlights Odine's persistent pursuit of excellence and underlines our continuous efforts in developing resilient software-defined and cloud-based networks of the future.

Europe GCCM 2023 Berlin

We would like to thank all our visitors at [Europe 2023 GCCM Berlin!](#)

We had a great event and we look forward to meeting you at the next one!

BATIC 2023

We had a great event at [BATIC 2023!](#) It was a successful gathering, uniting telecommunications enthusiasts and experts from across the globe. It provided an exceptional platform for fostering valuable connections, facilitating knowledge acquisition, and encouraging active contributions to the industry's expansion and information exchange.

Ribbon EMEA Partner Summit 2023

The [Ribbon EMEA Partner Summit 2023](#), was held in the city of Lisbon from September 13th to 14th. This year's summit featured a unique twist with two simultaneous learning tracks tailored to both Cloud & Edge Communications and IP Optical partners.

As a partner, Odine was pleased to be among the distinguished attendees at this remarkable event. Our participation allowed us to witness industry developments aligning seamlessly with our goals to shape trends, celebrate current accomplishments, and pave the way for exciting future projects.

Looking ahead, we eagerly anticipate the next year's event, confident that it will further elevate our journey of growth and innovation.

Navigating Network Transformation: Odine's Inspiring Success Stories

Revolutionizing Voice Solutions for Enhanced Efficiency and Savings

In this case study, you can find the full story:

The challenge: optimizing voice margins with agile capabilities

The solution: a flexible and intelligent voice management system

The results: a host of cost and efficiency savings through virtualization

The future: ongoing partnership and development
